● GYM MANAGEMENT, BUILT FOR THAILAND

Run your gym, not your paperwork.

The all-in-one platform for Thai gyms and studios. Memberships, bookings, payments and member messaging in one place, on LINE and PromptPay, the way your members actually pay and chat. Not just email.

THE PROBLEM

Global gym software wasn't made for Thailand.

Most gym platforms are built for the US and Europe. They bill in dollars, talk over email, and ignore how Thai members book, pay and communicate.

01 Your members live on LINE, the software lives on email

Reminders and renewals sit unread in an inbox no one opens.

02 No PromptPay QR flow

Payments assume Western credit cards, not the QR most Thai members reach for.

03 Billed in dollars, priced for the West

Foreign pricing and exchange fees on top, every single month.

04 Support is 10,000 km and 12 hours away

When you need help at 7pm in Bangkok, no one is awake to answer.

LINE for messages, PromptPay at the counter, a price in baht, and a Thai interface all the way through. Not a Western product with a translation laid on top.

WHAT YOU GET

One platform for the whole gym.

MEMBERS & MEMBERSHIPS

Know exactly who needs attention today.

Members, plans, passes and credit packs in one place. Renewals, freezes, balances and expiry are tracked automatically, with smart alerts.

✓ Paid · receipt sent

Reminders your members actually read.

Confirmations, reminders and renewals go out over LINE, from your own Official Account, so they land where your members are already looking.

Hi Aiko, your Muay Thai class is tomorrow at 18:00. See you on the mats!

Send welcome on LINE

Your name on every screen.

Members get their own space to book, pay and check in, carrying your logo, your name and your colours. They add it to their home screen and open it like an app.
